- Stage Width (Hard): 48'
- Stage Height (Hard): 20'
- Apron Depth (Center Stage): 7.5'
- Stage Left Wing Space (Legs in): 5'
- Stage Right Wing Space (Legs in): 15'
- Stage Manager Console: Stage Left

Our main wing/staging area is located at stage right. The fly rail as well as the stage manager's desk is located at stage left.

Stage right is 25' up/down stage by 20' left to right. This area is equipped with TELEX communication.

Stage manager desk at stage left. This desk is equipped with TELEX Communication, house lights controls as well as 1080p HD live video monitoring.

Stage left 24 Hand Lines including 4 Electricals, Scrim & Cyclorama.

Our facility provides two group dressing rooms with restroom access, water fountain, make-up mirrors, make-up lights and a 1080p HD live video feed of the performance on stage.

Our facility hosts one of the largest technical booths in the industry. The lighting and sound engineers operate in the main area of our booth. Additionally, we offer two smaller wings that are reserved for spotlight operation. All areas of our technical booth are set up for Telex headsets.

Our loading bay is 5' Wide X 12' Tall. Trucks must park perpendicular to unload and cannot back up to the doors.
